DIVISION OF SANITARY REPORTS AND STATISTICS

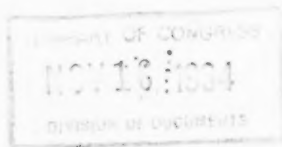

Asst. Surg. Gen. R. C. WILLIAMS, *Chief of Division*

The PUBLIC HEALTH REPORTS, first published in 1878 under authority of an act of Congress of April 29 of that year, is issued weekly by the United States Public Health Service through the Division of Sanitary Reports and Statistics, pursuant to the following authority of law: United States Code, title 42, sections 7, 30, 93; title 44, section 220.

It contains (1) current information regarding the prevalence and geographic distribution of communicable diseases in the United States insofar as data are obtainable, and of cholera, plague, smallpox, typhus fever, yellow fever, and other important communicable diseases throughout the world; (2) articles relating to the cause, prevention, and control of disease; (3) other pertinent information regarding sanitation and the conservation of the public health.

The PUBLIC HEALTH REPORTS is published primarily for distribution, in accordance with the law, to health officers, members of boards or departments of health, and other persons directly or indirectly engaged in public health work. Articles of special interest are issued as reprints or as supplements, in which forms they are made available for more economical and general distribution.

Requests for and communications regarding the PUBLIC HEALTH REPORTS, reprints, or supplements should be addressed to the Surgeon General, United States Public Health Service, Washington, D.C. Subscribers should remit direct to the Superintendent of Documents, Washington, D.C.

CITATIONS TO PUBLIC HEALTH LAWS AND REGULATIONS, 1931

Herein are presented, under appropriate subject headings arranged alphabetically, citations to State, Territorial, and Federal public health laws and regulations enacted and adopted by the legislatures and health authorities during 1931. This is the second publication to present the public health laws and regulations in the form of citations, the first being Supplement 99, covering the 2-year period 1929-30. From 1911 through 1928 the text of the laws and regulations was reproduced in compilations issued by the Public Health Service.

The abbreviations c. and R., used herein, stand, respectively, for chapter and regulation.

During 1931 the legislatures of all the States except Kentucky, Louisiana, Mississippi, and Virginia met in regular session, as did also the legislatures of Alaska, Hawaii, Philippine Islands, and Puerto Rico and the Congress of the United States. Special sessions were held during the year in 18 States¹ and Puerto Rico.

¹ Arizona, Arkansas, Florida, Georgia, Idaho, Illinois, Louisiana, Massachusetts, Mississippi, Nebraska, New Jersey, New York, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, and Wisconsin.
